

Revised 3/1/2017

US Dairy Education and Training Consortium
Housing Request Form:
DUE May 1, 2017

Name _____

University _____

This year we will again be using the King's Inn as the consortium student motel. There are two students per room, unless you elect to pay a single room supplement. A single room supplement is \$750 for the six weeks. However, if you qualify for housing, you also have the option of selecting your own lodging and we will reimburse that location on a weekly basis the amount that it costs the consortium for a room at the per person rate at the King's Inn. However, the consortium only provides transportation from the King's Inn.

Select only 1 motel and 1 appropriate option:

A:) I will stay at the King's Inn

Option 1: I will share a room and need a room-mate:

Option 2: I will share a room and would like to room with _____

Option 3: I want a room by myself and will pay a single supplement of \$750 prior to the start of the course.

B:) I will find my own lodging.

Each room at the King's Inn has two double beds, microwave, refrigerator, and daily maid service. You will have the same room for the entire duration of the training, unless we have some students leave and we will consolidate rooms. If you desire not to relocate, you will be charged the remaining portion of a single room supplement (\$125 per week).

Complete the form and return either electronically or via mail.
